
Session Title: Natural Fibers - New Areas of Advanced Products in 21st Century III
Date & Time: **November 1, 2016 (Tue) / 16:00~17:30**
Room: **H (Room 108)**

Session Chair: Derval Rosa (Federal University of ABC, Brazil)

1H3-1

16:00~16:25

[Invited] Prediction and Analysis of Nonwoven Geotextiles by Theoretical Simulation of Water Flow Property

Han-Yong Jeon¹ and Seung Jae Ahn²

¹Inha University, Korea, ²Inha University Graduate School, Korea

1H3-2

16:25~16:40

Cotton Fibers – Productivity Enhancement in the Value Chain through AI(Artificial Intelligence) Techniques

Debashish Banerjee

Blackstone Synergy Consulting Group Limited, Kenya

1H3-3

16:40~16:55

Cotton Fibers – Yarn to Fabric Conversion – Scheduling Nodal Points for Innovations

Debashish Banerjee

Blackstone Synergy Consulting Group Limited, Kenya
