
Session Title: Organics and Polymers for Energy Conversion and Storage V
Date & Time: **November 3, 2016 (Thur) / 9:00~10:00**
Room: **D (Room 104)**

Session Chair: Nam Chul Cho (KAUST, Saudi Arabia)

3D1-1

9:00~9:25

[Invited] Photothermal Thin Films from Conductive Polymers for Solar Powered Electronics

Hanwhuy Lim, Jongbeom Na, Younghoon Kim, and Eunyoung Kim

Yonsei University, Korea

3D1-2

9:25~9:50

[Invited] Solution-Processible Conductive Organics for Efficient Polymer and Perovskite Solar Cells

Chang-Zhi Li

Zhejiang University, China
