
Session Title: Polymers and Hybrid Materials for Plastic Electronics and Photonics IX
Date & Time: **November 4, 2016 (Fri) / 10:20~11:35**
Room: **B (Room 102)**

Session Chair: Weishi Li (Chinese Academy of Sciences, China)

4B2-1

10:20~10:45

[Invited] High-Performance Ternary Organic Solar Cells

Yanming Sun

Beihang University, China

4B2-2

10:45~11:10

[Invited] Additive Manufacturing Technologies: Approaches and Applications

Joo Yeon Kim¹, Jonghee Lee¹, Yong Hae Kim¹, and Juergen Brugger²

¹ETRI, Korea, ²EPFL, Switzerland

4B2-3

11:10~11:35

[Invited] Conjugated Polymer Wrapped Single Wall Carbon Nanotubes for High Performance Printed Transistors and Gas Sensors

Yong-Young Noh

Dongguk University, Korea
